

OUR ECO-CODE

In Bushmills Primary, we love bugs,
Our minibeast hotel, keeps them snug.

We like to hear birds singing in the sky,
We've made them feeders so they can drop by.
We've planted hedges, we've planted seeds,
We've worked together so we can succeed.

Our school grounds have grass, trees and weeds,
Everything to help the animals to feed.

In Bushmills Primary, we are cool,

We don't take our cars to school.

We love to take the walking bus,

It has never caused a fuss.

We walk, we scoot, we cycle, we skate,

Right up to our school gate.

We are keen to save the world,

And we will always be in a whirl.

Outdoor Learning is so much fun,

Together we can get it all done.

You can help if you're big or small

Potato, Tomato we plant them all.

We like to pick the leaves at fall,

It's good fun we have a ball.

We love to recycle with the Eco crew,

We're BPS and we're here for you!
